CleanCut Technologies Named “2018 Top Workplace in Orange County” by the O.C Register

ANAHEIM, Calif. (Dec. 7, 2018) -- CleanCut Technologies (www.cleancuttek.com), a leader in medical device packaging, is proud to announce the company was recently named as a “**2018 Top Workplace**” by the *Orange County Register*.

This county-wide awards program was designed to spotlight local businesses in Orange County that operate with a clear mission, strong leadership and a vision for success. The *O.C. Register* honors companies that have strengthened the economy and community and genuinely care about their employees.

“Our employees are truly the cornerstone of our success”, said Tim Bell, President of CleanCut Technologies. “We are committed to creating a healthy workplace culture where employees are appreciated and empowered to succeed, which ultimately results in the success of our customers,” he explained.

The Top Workplaces lists are based solely on the results of an employee feedback survey that asks about work life and company culture.
